

City of Boulder Bicycle Rodeo Registration Form

Every year there are countless injuries and deaths related to bicycle accidents. With nearly all of our community accessible by walking or biking, we believe it is of the utmost importance as spring approaches to focus on the safety of our children. Bicycle rodeos are a means of raising community and parent awareness about bicycle-related injuries, for testing bike skills, for providing an opportunity for children to learn safe bicycle techniques, and building support for proper use of safety equipment, especially helmets.
